[From the Asheville Pioneer.]

THE LIVING WRITERS OF THE SOUTH.

Much on the plan of "Duyckinck's Cyclopædia of American Literature," is a highly attractive and entertaining volume before us, entitled "The Living Writers of the South," by Prof. James Wood Davidson, of Columbia, South Carolina. The point and scope of the book are clearly indicated in its title; and to the idea which the first sight or sound of the title awakens in the mind, our author has done ample justice.—Lively and graphic sketches are given of all, or nearly all, of the more noted book-writers now living in the Southern States. In connection with the biographical notices of these South land authors, brief extracts are also given from the writings of most of them. As showing the number of authors in each Southern State, respectively the following table, which we have compiled from Prof. Davidson's work, will, we think, prove interesting to our readers:

Virginia, 51; South Carolina, 42; Georgia, 33; Louisiana, 24; Maryland, 19; Alabama, 14; North Carolina, 12; Mississippi, 9; Kentucky, 8; Tennessee, 7; Florida, 2; Texas, 2; District of Columbia, 2; Delaware, 1; Arkansas, 1. Total 227.

It would thus appear that Virginia is the Attica of the South, and Arkansas the Beotia. The names of some twelve or fifteen additional writers are given, as belonging to the South; but as they are not of great eminence, and their places of residence are not mentioned, we are unable to assign them properly to any particular State or States. According to Prof. Davidson, we have in North Carolina only twelve living authors; and even of these, two, Mrs. Downing and General Hill, are originally from Virginia, and two more, Mr. Middleton and Mr. McDowell, from South Carolina. Alphabetically arranged, the list of our living authors of North Carolina stands as follows:

William Bingham, Mary Bayard Clarke, Charles F. Deems, Fanny Murdaugh Downing, Hinton Rowan Helper, Daniel H. Hill, Theophilus H. Hill, Silas McDowel, Henry Middleton, John H. Wheeler, Sarah J. C. Whittlesley, Calvin H. Wiley.

One of the authors credited to Alabama—Henry Washington Hilliard—is a native of North Carolina.

In the notice of one of his most intellectual and accomplished subjects, (Fanny Murdaugh Downing,) Prof. Davidson aptly remarks that,

"One of the best results—I believe the very best result, if not the only good one—of the war of secession was its influence in awakening and developing dormant genius. Many, roused by the stringent necessities incident to such times, have bestirred themselves to think, to create thoughts, and to give utterance to them. Many have learned in suffering what they taught in song. Many sprang at a bound from the nothingness of ordinary life to the sphere of the aspiring and the gifted."

Prof. Davidson, the diligent and scholarly author of "The Living Writers of the South," has merited the thanks of the whole American public, for the faithful and judicious manner in which he has performed a very delicate, yet important, literary labor. Not that his work is faultless. By no means. Like all the rest of us, he, too, is human. But he is earnest, indefatigable, frank and prudent. The title of the book is itself a good promise; and in the body of the book that promise is fairly fulfilled. We trust that so worthy a contribution to the literature of the South may be well received in every section of the United States.

A SWEEPING CONDEMNATION OF WAR.—I cannot, says Chalmers, set before you a vivid picture of the miseries which war, carries in its train—how it desolates every country through which it rolls and spreads violation and alarm among its villages—how, at its approach, every home pours forth its trembling fugitives—how all the rights of property, and all the provisions of justice must give way before its devouring exactions—how, when Sabbath comes, no Sabbath charm comes along with it, for the church bell which went to spread its music over some fine landscape of nature, and summon rustic worshippers to the house of prayer, nothing is heard but the deathful volleys of the battle, and the maddening outcry of infuriated men—how, as the fruit of victory, an unprincipled licentiousness which no discipline can restrain is suffered to walk at large among the people, and all that is pure, and reverend, and holy in the virtue of families, is cruelly trampled on, and held in the bitterest derision.

GOOD BYE.—Good Bye is a hard word to speak.—Some may laugh that it should be, but let them laugh. Icy hearts are never kind. It is a word that has choked many an utterance, and started many a tear. The hand is clasped, the word is spoken, we part and are out upon the ocean of time—we go to meet again, when, God only knows. It may be soon, it may be never. Take care that your "good bye" be not a cold one—it may be the last that you can give. Ere you can meet your friend again, death may have closed his eyes and chilled his lips forever. Ah! he may have died thinking that you loved him not. Again, it may be a long separation. Friends crowd onward and give you their hand.—How do you detect in each "good bye" the love that lingers there; and how you bear away with you the memory of these parting words many, many days. We must often separate. Tear not yourself away with a careless boldness that defies all love, but make your last words linger—give the heart full utterance—and it tears fall, what of it? Tears are not unmanly.

SMALL MEANS.—The power of money is on the whole overestimated. The greatest things which have been done for the world have not been accomplished by rich men, or by subscription lists, but by men generally of small pecuniary means. Christianity was propagated over half the world by men of the poorest class; and the greatest thinkers, discoverers, inventors and artists, have been men of moderate wealth, many of them little raised above the condition of manual laborers in point of worldly circumstances. And it will always be so. Riches are often an impediment than a stimulus to action, and in many cases they are quite as much a misfortune as a blessing. The youth who inherits wealth is apt to have life made too easy for him, and he soon grows satiated with it, because he has nothing left to desire.

KEROSENE LIGHTS PERFECTED!

DANFORD'S

Atmospheric

KEROSENE LAMP.

THE ONLY PERFECTLY SAFE LAMP IN USE.

Artificial Light, of some sort, is a universal necessity; a safe, cheap, and brilliant one is a luxury in a luxury, too, only enjoyed heretofore by those living in large towns or cities where Gas is used. Years of study and thousands of dollars annually have been spent by experiments of different kinds, in trying to invent and perfect a Burner or Lamp by which Coal Oil or Kerosene could be burned practicably, without the expense and trouble of chimneys; this long looked for and much desired simplicity has at last been obtained, and is styled the

ATMOSPHERIC KEROSENE LAMP!

Its adaptation to Dwellings, Churches, Railroads, Steamboats, Hotels, Stores, &c., is unsurpassed; in short, this invention brings the luxuries and brilliant Gas Light within the reach of all, whether in the City or Country. It gives the light of a six-foot Gas Burner, for less than one cent per hour, or double the quantity of light of the ordinary chimney-lamp with one third less oil; will burn, when turned down to a taper light ten hours for one cent; is free from smoke or smell; can be carried from room to room; the wind will not blow it out.

This Lamp is destined to supersede all portable artificial light or chimney lamps now in use and needs only to be seen to be appreciated; thousand of them will find ready sale in every county no family that uses this light for one evening will again be annoyed with the chimney-lamps Thousands of them will be used in cities, as this light is one-half cheaper than Coal Gas, and much more pleasant to the eye.

The sole right for the sale of this Lamp can be had for the entire State or the same will be sold by Counties.

Parties purchasing will be supplied, at wholesale, with the lamp and fixtures at reasonable rates.

Immediate application should be made to secure the choice of Counties.

The Lamp can be seen in full operation durning the day and evening at the Yarbrough House.

All letters will receive prompt attention and full explanation of the Lamp given.

SAW MILLS.

I AM PREPARED TO PUT UP DOUBLE CIRcular Saw Mills in workman-like manner for those desiring them.

There are now six of these Mills in operation, and in no case have they failed to give entire satisfaction. One advantage of this Mill is, that the sawyer, without changing his position, gives the backward and forward motion to the carriage, with a single lever; and set the log at both sides at the same time, this is a saving of one hand in the mill. This is no humbug. I am responsible for what I say. My residence is 20 miles South of Raleigh, on Neal's Creek. For further particulars address me at Raleigh, N. C.

F. J. WRAY.

I will be at Lynn Adams' Store on the 2nd to the 5th of February, where persons desiring to see me will please call.

READ THE FOLLOWING.

Mr. F. J. Wray, Dear Sir:—I am much pleased with my double Circular saw Mill, built by you. I can cut a line 14 in. deep, 20 feet long, in 40 seconds, with my 12 feet overshot wheel. We have to-day cut 5,000 feet weather boarding, flooring, and inch board, in eight hours.

Dec 23rd 1869. AL. SIDDY FARRIS.

Mr. F. J. Wray:—We are well pleased with our new double action Mill, that you set to work for us. We can estimate the amount of lumber that we could with the old Mill of 40 inch saw and same water wheel.

P. YATES,
JAMES PENNY.

The last mentioned Mill may be seen on Walnut Creek, 5 miles South of Raleigh.

COMPENSATION.

During the recess of the Legislature, we published a petition of the London highwaymen to Parliament, for compensation of losses they had sustained on account of the enclosure of Finchly Common, and in connection therewith, and as a parallel case, we published an improvised petition of the "Ring," asking compensation to them for the depreciation of State bonds. We have been requested to republish the article, because many members of the Legislature, under this blessed "best Government the world ever saw," have no post offices near them, and did not see it at the time of its publication.

We republish the petition of the highwaymen, but substitute for that of the "Ring," a petition supposed to be presented by the R. & G. Railroad.

The petition of the highwaymen was as follows:

"We your loyal highwaymen of Finchly Common, having at great expense, laid in a stock of blunderbusses, pistols, and other instruments for plundering the public, and finding ourselves impeded in the exercise of our calling by the enclosure of said Common, humbly petition your honorable House will be pleased to assign to us such compensation as your honorable House in its wisdom and justice may think fit."

So much for the highwaymen; the Raleigh and Gaston Railroad is supposed to address our Legislature as follows:

"To the General Assembly of North Carolina:

The petition of the Raleigh and Gaston Railroad humbly showeth unto your honorable body, that the original stockholders in this corporation were great sufferers, and lost their entire stock.

Near twenty years ago, the present company was organized, and since that time they have prospered, because the North Carolina Road was used as a feeder, and was so good natured, for fourteen years, as to run their cars and freights off of that Road, at Raleigh, on the Road of your petitioners.

In 1868, Jo. Turner being President of the North Carolina Road, ordered the cars and freights of said Road to continue on the line to Goldsboro. This was a ruinous blow to your petitioners, and to counterbalance it, our President, Dr. Hawkins, agreed with said Turner, that if he would turn the freight off at Raleigh, as his predecessors had done, he would pay to the North Carolina Railroad the amount that Road would make by taking the freight on to Goldsboro. In five months your petitioners paid $42,000 to the North Carolina Road on this account.

The next year, 1869, under Major Smith's Presidency of the N. C. Road, your petitioners paid said Road $60,000 for the same.

The present year your petitioners will have to pay, on the same account, the enormous sum of $80,000.

Your petitioners felt that this was taking too much of their money, and hence Dr. Hawkins, with the consent of the Governor, (and the promise of something to somebody else, but that is neither here nor there) leased the North Carolina Road from Major Smith and his Board of Directors, for twenty years, at $240.000 a year.

This was a good lick, for the Road, last year, made $396 000 after paying all expenses, this, you will see, even if business should not increase, would give us $156,000 a year, nett, for twenty years. This lease was signed by President Smith, with the great seal of the corporation attached.

The Stockholders, however, would not sanction the lease, and the Governor, too, backed down, under the adverse counsel of Gen. Littlefield.

Your petitioners consider that in the defeat of this lease they have sustained a heavy loss, by which they are greatly embarrassed. They desire that your honorable body will instruct Major Smith to go back to his old schedule of running his freight off at Raleigh to our Road, without exacting the bonus heretofore paid by us. Or, what is better, that your honorable Body will pass a bill to sell the N. C. Road that your petitioners may have a chance to buy, and put your Treasurer in possession of a better currency to handle than State bonds. Your petitioners would gently hint, that such an arrangement would be a good thing for the "Ring," and at the same time give no more offence to the Governor, than did the purchase of the Florida Road by Swepson and Company, give to Governor Reid of that State.

Your petitioners would further suggest, that there is, in this matter, a fine opening for the enterprising members of your honorable body, who are said heretofore to have made ventures in that direction, to make money by the sale of this Road—much better than there was last session in putting through the Chatham Railroad appropriation.

But, if you will not sell, your petitioners humbly pray your honorable body to sell at least one million and a half of the State's stock in said Road, and thus enable your petitioners to obtain a controlling influence in the Directory of the North Carolina Road.

If both these plans should fail through the perverseness of members or failure of Littlefield to "grease the wheels," then your petitioners humbly pray your honorable body to grant them the just compensation they claim for the loss they have sustained in the failure of the lease, and as in duty bound, your petitioners will ever pray, &c.

REVENUE DOINGS.

Mr. O. Lamb, of Orange, owns a mill and makes good flour. When he grinds up a load, he puts it in his wagon and takes it off for a market. He pays his revenue tax promptly and has his barrels and sacks regularly marked.

Recently he took a load of flour to Goldsborough, and while trying to sell, was approached by a revenue officer and told if he sold it by the barrel or sack, he would be guilty of a breach of the revenue law, and subject his flour, wagon and team to seizure; that he would be considered a "peddler," if he sold less than the whole load.—The same officer, Mr. Lamb said, afterward came to him and tried to buy one sack, doubtless for the purpose of entrapping him.

He hitched up and left Goldsborough for Snow Hill, and there, on enquiry, was informed by an officer that, having paid his revenue tax and his flour properly marked, he had a right to sell it as he pleased.

Now, the question is, would Mr. Lamb have subjected his flour to seizure by selling one barrel at a time instead of the whole load, and would it have been different if the team had been weak and the load consisted of *one barrel only?*

Second, what is the average length of the ears of many of the revenue officers of the country.

WATCH YOUR QUERIES.—We notice that a bill was taken up and passed the second and third readings, in the Senate, yesterday, under a suspension of the rules, entitled "An Act to change the rules of evidence in certain cases and secure the possession of lands." This is a mischievous bill, and we are surprised that it was allowed to pass the Senate without more notice and investigation. Under it much fraud and wrong may, and we have no doubt will, be perpetrated. It sets at naught and violates all the laws and rules for conveyance of real estate heretofore known, and makes the tenure of a homestead to even the widow and the orphan, as uncertain as the claims to a stack of fodder or bushel of beans.

A has been living on B's land for a number of years; B dies and A claims the premises. A witness or two is procured who testifies that B gave A the land, and further, everybody in the neighborhood spoke of it as Mr. A's house, and so the Court, under this law, gives to A, in fee simple, what B only gave to him temporarily.

We don't know whether the colored people could claim their "forty acres" of the Radical leaders under this law or not, but they ought. But whether they can or not, we tell members of the Legislature that this bill requires more scrutiny than seems to have been given it. If passed at all, it ought to be more guarded than it is at present.

For the Sentinel.

NOT-FAR AWAY, }
Feb. 3, 1870. }

MR. TURNER:—Will you believe it, and will the honest hard working people of the country believe it—believe that Rodman, Tourges and Barringer, the "Code Commissioners," who dress in purple and fine linen, and fare sumptuously every day, and all at the expense of the toiling masses, receiving a salary of $600 per month, to propose work for the General Assembly, have scarcely sent in anything up to yesterday, during this session, except a bill to *explain* and *amend* some of their bills enacted twelve and eighteen months ago, the Shoffner bill, for the "*destruction* of life and property," and Shoffner's bill on yesterday concerning "slander?" You will observe I say "Shoffner's." But they are not his. The last was in the hand writing of that intermeddler, Vic. Shoffner is merely his mouth piece, daddies all these dirty things, and puts on airs as if he was the real author. But, sir, he is a mere tool, a bulk of stupidity, too dull and illiterate, to draw anything except a *dead negro* from his last resting place. By the way, it is said, that this is the same Shoffner, who was indicted, and virtually convicted some years ago, in Alamance county, for *robbing* a negro's grave. Any way, it is said, he paid the cost to stop the suit, and that judgment is still hanging over him, *i. e.* "suspended." As Bro. Blythe would say, "fellow sinners, is this so?"

Now what do you think the "Code Commissioners" did or yesterday? I'll tell you, and I want the people to know it too. On yesterday, after the Legislature has been in session "eighty days," waiting on these Commissioners to send in their bills, and when the members ought to be leaving for their homes, where they have any, (and those who have none, for some other quarters,) they (the C. C.) send in "thirty six chapters" for legislative action, "one hundred and twenty-two pages" closely printed matter. This has to be read, as you know, three times in each House and if it is as critically examined as it should be, it will occupy the attention of the General Assembly for five or six weeks. Had it been sent in on the 15th of November, as it should have been, and as it certainly could have been, if these Commissioners had "been engaged *without intermission or delay*, from the time of their appointment until the present," as they allege in their report, all this work might have been disposed of ere this. But here it is, at this late day, 36 chapters, 122 pages, which has already cost not less than $5,000, and will cost $30,000 to $50,000 more to enact it.—And who is to blame for this detention of the General Assembly at the Capitol and the cost thereof? Is any one so blind as not to see it is the fault of the "Code Commissioners!"

Yours truly,
CONTINGENCIES.

P. S.—Do you ever visit the Senate? You ought to, to hear Shoffner on "points of order." His views are often adapted, in lieu of those of Jefferson, *in a hora*. But, again, is he the same fellow, that swapped horses in Moore county, when he was in the rebel army, with a poor woman, one dark night, and without her knowledge, and after she had refused to swap in the day time? Of such are the Radicals! shame Shoffner!!

The bill as amended then passed its several readings.

Bill to amend chapter 184, public laws of 1868-'69, in relation to Common School Examiners, (allowing examiners $3 per day when actually engaged upon their duties.)

The substitute reported by the Committee on Education making the County Treasurer pay instead of the Public Treasurer, was adopted.

After discussion the bill was, on motion, laid on the table.

Mr. Argo offered a resolution that a committee of three be appointed to examine into the affairs and condition of the University of North Carolina, and its management since its re organization; and report to this House at the earliest day possible, before the House should make any appropriation looking towards re-endowment.

Mr. Argo advocated the passage of his resolution and to that end moved a suspension of the rules in order to adopt at once.

Harris of Wake, col., opposed the suspension of the rules.

Mr. Argo said he had refrained from stating in regard to the University, because that institution was under Republican management and might be taken as being biased by party prejudice, therefore, he had introduced his resolution raising a committee of investigation that the facts in the case might be laid before the House fairly. But as long as he was called on, he would state some facts which had come under his own immediate knowledge.

Mr. A. then proceeded to sketch the history of the University since its re-organization.

Messrs. French and Harris of Wake, col., took the floor in opposition to a suspension of the rules.

After some further debate, the motion to suspend the rules was adopted by a vote of yeas 45 nays 43.

The resolution was then considered.

Mr. Moore of Chowan, moved to amend by changing the character of the resolution so as to make the enquiry apply to the management of the property of the University.

Pending further discussion of the matter the resolution was, on motion, postponed until to-morrow morning at 11 o'clock.

SPECIAL ORDER.

Bill to re-endow the University of North Carolina.

[The bill empowers the Governor upon the ratification of the bill, to cause to be transferred 4,000 shares held by the State in the N. C. R. R., to the Trustees of the University to be owned and held by the Trustees aforesaid, upon like condition as said shares are now held and owned by the State.

Such transfer shall be made and executed by the Governor on the books of said Railroad corporation, conformably to the rules and regulations thereof, in such cases provided,

Such shares, together with all dividends, proceeds and profits thereof, shall be held and invested by the Trustees aforesaid, and their successors, and be forever applied and used exclusively as a permanent endowment for the University of the State.]

Mr. Hodnett offered the following as an additional section:—"That 8,000 shares of the State's capital stock in the N. C. R. R. Co., be and the same is hereby authorized to be held forever by said Board and the dividends and profits thereof to be annually or otherwise applied to the support of Free Schools in the State."

Mr. Hodnett in remarks of some length advocated his amendment, and stated unless the interest of the free common schools of the State was amply guarded by the adoption of his amendment, he could not vote for any appropriation to re endow the University.

Mr. Vest offered a substitute for the whole matter, authorizing the sale of all the property of the University of the State at public auction, after advertising the same for thirty days, and also, the sale of all the Swamp Lands in the State in like manner, &c. The sales to be effected by the Board of Education.

Mr. French advocated the passage of the bill and endorsed Mr. Hodnett's amendment.

During his remarks, Mr. F. said he would be in favor of endowing the University so liberally, that tuition, board and clothes could be provided for 170 students, to be admitted without regard to color, race or previous condition, &c.

Mr. Vest took the floor in advocacy of his substitute. He thought that the University was located in the wrong place, it should be located in Raleigh where the Penitentiary and other public buildings were, and if it was not desirable to have it in Raleigh, he thought Salem would be a good selection.

Mr. V. continued his remarks to some length.

Mr. Moore of Chowan thought that the Constitution made it a duty for the Legislature to provide for the University as well as for the common school, and he thought that the University should be made a part and parcel of the common school system &c. He was in favor of establishing a branch University in Raleigh for the benefit of the colored people. He thought the best way to protect the States interest in the N. C. R. R., would be to use it to establish an inviolable fund for educational purposes, comprising the common school system as well as that of the University.

He had always opposed the sale of the State's interest in the N. C. R. R., because he wished to use it for educational purposes. He would most heartily support Mr. Hodnett's amendment.

The substitute offered by Mr. Vest was put to a vote and rejected.

Mr. Durham denounced the whole matter as an attempt to deceive the members into voting for an appropriation to sustain the present incompetent and corrupt Faculty of the University. The friends of popular education should not be deceived into voting for this measure by tacking on to it Mr. Hodnett's amendment, for a calculation would show that that amounted to just nothing at all, amounting to about $250, to each county &c.

Mr. D. continued for sometime to urge various arguments why the whole measure should be voted down.

Mr. Downing favored the bill and Mr. Hodnett's amendment.

Mr. Ingram opposed the passage of the bill.

Mr. Seymour moved to amend the amendment by increasing the appropriation to 26,000 shares of the capital stock of the N. C. R. R., the dividends of which to be applied annually for the use of common schools, (this prevents a sale of the stock and leaves it under the same control as it is now.)

Mr. Seymour offered the following proviso to the bill which was adopted by general consent:

Provided, That the stock so tranferred shall never be sold without the consent of the General Assembly, and that nothing in this act shall in any way effect the manner of appointment of State Directors and State proxy in said Road, but that the vote of the State upon the shares of the stock so held shall be cast in the manner now provided by law.

Pending any definite action the House adjourned.

[Reported for the SENTINEL by the Deputy Clerk of the Supreme Court.]

SUPREME COURT.

Thursday February, 3rd.—Court assembled at the usual hour—all the Justices present.

Cases from the 10th and 11th Districts were argued as follows:

Dalton vs. Pendleton from Iredell, Clement and W. P. Caldwell for plaintiff; D. M. Furches and Boyden and Bailey for defendant.

Alspaugh vs. Jones, from Alexander, W. P. Caldwell for plaintiff; Hon. Nat. Boyden for defendant.

Simonton vs. Chipley from Iredell, W. P. Caldwell for plaintiff; Clement, Boyden and Bailey for defendant.

Bryan vs. Walker from Wilkes, Hon. Nat. Boyden for plaintiff; no counsel for defendant.

Warren vs. Brown from Wilkes, Boyden and Clement for defendant; no counsel for plaintiff.

State vs. Perry from Ashe, Attorney General Olds for State; Clement for prisoner.

This morning the gravity of the Court was upset, and the usual monotony of legal proceedings relieved by a bit of fun from his Honor the Chief Justice.

The Hon. Nat. Boyden and J. M. Clement, Esq., counsel for opposite parties, were contending as to which had the right to deliver the closing argument in a case which was then before the Court. Each claimed the right, but the Chief Justice put an end to the discussion, and decided the matter by saying, "Gentlemen, you need not dispute about it. Our Court has no fixed rule as to the order in which counsel shall deliver their arguments; we generally let the counsel, whom we see is *hardest pressed* have the last word." After this, neither of the learned counsel, seemed disposed to assert their claims.

Court adjourned at 1 P. M.

Next week cases from the 12th and 6th Districts will be called and disposed of.

Opinions will be delivered on Monday next.

PUBLIC MEETING IN HAYWOOD.

A portion of the citizens of Haywood county irrespective of party, assembled in the Court House, in Waynesville on Saturday the 29th Jan., when on motion of Dr. Samuel L. Love, Walter Brown, Esq., was called to the chair, and J. N. Beavers, appointed secretary.

W. L. Tate, Esq., being called upon, explained the object of the meeting to be the expression of our sentiments concerning certain bills, now pending before the Legislature, and continued to address the meeting in a speech of some length, portraying the evils which beset us, and urging the people to awake to a sense of the dangers which surround them. At the close of his remarks Mr. Tate offered the following preamble and resolutions, which were unanimously adopted, to wit:

WHEREAS, we the citizens of Haywood county have heard with alarm, that there are certain measures now pending before Legislature of North Carolina, which are most dangerous in their tendency, and which if passed into laws will bring bankruptcy and ruin upon our people, and will deprive us of all personal liberty and security, therefore,

Resolved, That we do most solemnly protest against the sale of the State's interest in any of her public works, and look upon any effort to effect that purpose as being fraught with financial ruin to her best interests.

Resolved, That we deplore the passage of the militia bill, recently introduced into the Legislature by which the writ of *habeas corpus* is to be suspended, and the liberty and laws of our people placed at the mercy of the Executive alone.

Resolved, That in our opinion the members of the present Legislature, were elected for two years only, and that there is no other true construction to be placed upon the constitution of the State in that regard.

J. C. L. Gudger, Esq., being then called upon responded in a speech of much spirit, heartily endorsing the resolutions, and appealing to the people to guard well their interests and safety.

On motion, it was ordered that a copy of the proceedings of this meeting be sent to the Raleigh SENTINEL and Asheville *Pioneer*, with a request that they be published, also that a copy be sent to our representatives in the Legislature.

CITY AND STATE ITEMS.

FRIDAY, FEBRUARY 4, 1870.

Col THEO. N. RAMSAY, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

NEW ADS.—See new advertisements this morning, several important ones.

By last night's dispatches Gold was quoted at 20¼ to 20⅝. Cotton unchanged, sales 1,800 bales at 22½.

AMUSEMENTS AHEAD.—Tucker Hall has been engaged, we understand, by the Tremaine Brothers, for Thursday and Friday evenings, 10th and 11th inst., and by Wyman, the Wizard, for the 16th, 17th, 18th and 19th, inst.

FEMALE SCHOOL.—Dr. and Mrs. Lacy's school, in this city, opens to day. All the appliances and facilities for the acquisition of an accomplished education are presented to the young ladies and girls of the city, in this school. But every citizen knows the school and the Teachers, and hence we need do no more than mention the fact that the Spring session opens this morning, and there is always an advantage to pupils to commence with the session.

HILLSBORO RECORDER.—We have hitherto inadvertently omitted to mention the fact that the Evanses, father and son, have enlarged and otherwise improved this old and well known Weekly, making it very creditable to the publishers and worthy the patronage of the people of Orange and of any other county.

LA RUE'S MINSTRELS were greeted last night at Tucker Hall, by a tremendously large audience of our most fashionable citizens, ladies and gentlemen. We cannot give an extended notice of the performances or performers, but both were greeted with unbounded applause, and were frequently *encored*. They give their last entertainment tonight, with an entire change of programme.

MEETINGS IN WILKES AND HAYWOOD.—We publish the proceedings of public meetings in these counties, which, though too late to have any influence in regard to some of the questions to which they relate, are nevertheless, significant as expressing the views of the people in the West in regard to the course of the Legislature has pursued, and the verdict many members are likely to meet from indignant and outraged constituencies.

A very significant fact in regard to most of the meetings held in the various counties to express the views of the people on public men and measures is, that the meetings have been held by citizens irrespective of party, while all the resolutions adopted, in most cases without a dissenting voice, have been in condemnation of the course of those in power in the State. This indicates what the next election will show, that the people have lost all confidence in our present rulers, and intend to change them.

CONFIRMED.—We mentioned yesterday, as a rumor, that the validity of the Resolution passed by the General Assembly, forbidding the Treasurer to pay any more of the interest on the special tax bonds, would be tested by some interested party. The rumor was confirmed yesterday. We learn that Messrs. Rogers and Bachelor have been retained by a party from New York, and that a *mandamus* will issue today, to compel the Treasurer to pay the accrued interest on certain bonds, according to the intent and provisions of the appropriation acts.

We hope the Treasurer will employ sufficient counsel to bring out all the law and bearings of the question, and that the Legislature will pass a resolution enabling him to do so, if it be necessary.

We do not consider that the question of constitutionality has been settled by the Supreme Court, by any means. When the University Railroad question was before that tribunal, the other Roads were not really in question, and although opinions were informally given, they were as various as were the members of the Court, and settled nothing except the unconstitutionality of the University Railroad appropriation.

We hope there will now be a full investigation and settlement of the whole matter.

PLOWS.—We learn that Mitchell, Allen & Co., of Newbern, N. C., have procurred Steel Cotton Sweeps, made from the original patterns of David Dixon, Esq., of Georgia, they charge $5 for each, when stocked $7.

This firm is selling a large quantity of plows manufactured by themselves. They sell No. A. 6, 10, 11, and 50 plows at 2.50. Would it not be well for farmers to club in each neighborhood, and order together so as to get the freight cheap. Mitchell, Allen & Co., have the agency for the Foster Cotton Planters, and every variety of agricultural implements. d1m

A Favorable Notoriety.—The good reputation and extended use of "*Brown's Bronchial Troches*" for Coughs, Colds and Throat Diseases has caused the Troches to be extensively imitated. Obtain only the *genuine* "Brown's Bronchial Troches" and do not be influenced by those who make more profit by selling worthless imitations.
jan 30-eod1w

The People's New Discovery.—The public have discovered that there is one preparation, and only one, by which gray hair can be reinvested with the tinge that nature bestowed upon it without staining the skin. They see that PHALON'S VITALIA, OR SALVATION FOR THE HAIR, is transparent, and produces richer brown and black than any of the offensive dyes. Sold by all druggists.
jan 30-eod1w

JUST OUT.—*Cherry Pectoral Troches*, superior to all others, for Colds, Coughs, Sore Throats, Bronchitis and Horseness. None so pleasant, none cure so quick.
Manufactured by
BUSHTON & CO.,
Astor House New York.
This old established firm, whose preparations, have acquired a world wide reputation for excellence, now offer this article. No More of those horrible tasted, nauseating, "BROWN CURED THINGS,"

PUBLIC MEETING IN WILKES.

There was a public meeting of the citizens, (irrespective of party or color) of Rock Creek Township, in Wilkes county N. C. held at A. Wiles' Store, on Saturday 29th January, 1870.

On motion of Jas. E. Reynolds, Esq., J. N. Haynes was appointed Chairman, and G. N. Hagens Secretary of the meeting.

L. L. Weatherspoon, Esq. being called upon, rose to explain the object of the meeting, which was, he said, for the purpose of appointing delegates to attend a county Convention, to be held in Wilkesboro, on Saturday of the first week of our next Superior Court, for the purpose of nominating candidates for the next General Assembly and other county offices. Mr. W. spoke at some length, in a spirited and animated manner throwing "hot shot" at the present protracted and distracted Legislature and their proceedings. After Mr. Weatherspoon had concluded, the President appointed Wm. Emerson, W. Cheek, B. F. Foster, J. K. Baldwin and N. Ward to present resolutions for the consideration of the meeting.

After the committee had retired Col. R. F. Armfield was loudly called for, who rose and held the audience spell bound for two hours, by delivering an able, eloquent and impressive address, which was fraught with matters of fact, that no one could deny. Mr. Armfield contrasted our former constitution, laws, taxation, offices and political condition generally with the present, showing clearly that the latter was unsuited to our wants, and too burdensome to be long endured by the people of North Carolina. His speech was listened to with marked attention and seemed to have a good effect upon the many Republicans who were present. After Col. Armfield had closed his remarks, the President appointed the following delegates to attend the Wilkesboro, convention to come off on Saturday, the 1st week of our next Superior Court, to-wit:

B. F. Foster, Wm. Emmerson, Wm. Porter, A. Wiles, G. N. Hagens, J. W. Felts, G. M. Woodruff, R. M. Staley, A. J. Alexander and Eli Grimes. At this time the committee returned and reported the following resolutions, which were adopted by all except John K. Baldwin (Republican), who objected to the militia clause:

Resolved, That the new constitution and new system of laws, lately adopted for the State, do not suit us as well as the old, and the great increase of expense and consequent taxation, which they have occasioned, is more than we can bear, we will therefore, support only those men for office who favor a restoration of our old constitution and system of laws, so far as practicable, and a reduction of the number of office holders, and their salaries, to the old standard that existed before the war, when we were abler to pay them than we are now.

Resolved, That the extravagant expenditures and appropriations of the present Legislature, resemble more the acts of mad men, than of sober Legislators, who calculate the ability of the people to pay before they pass appropriation bills, and we declare that we will never again trust any man in a political station, who has sanctioned or countenanced those enormous and ruinous acts.

Resolved, That the military bill now pending, if it has not already passed, before the Legislature, is an alarming violation of the most sacred rights of freemen, and a piece of wanton and uncalled for tyranny, that ought to arouse the indignation of every man in the State, of whatever political party he may belong.

Resolved, That this meeting recommends that a meeting be held in Wilkesboro on Saturday of the 1st week of our next Superior Court, composed of delegates from all the townships in this county to nominate a candidate for the next House of Representatives of the State, and such other county officers, as is thought best to nominate, and also to appoint delegates to attend a meeting of the counties of Ashe, Alleghany, and Wilkes, at such time and place as may be agreed upon, to nominate a State Senator and also to appoint delegates to a convention to nominate a candidate for Congress.

Resolved, That the Chairman of this meeting appoint ten delegates to attend said meeting in Wilkesboro and represent this Township, and that they are hereby instructed to support no man, for any position who is not unequivocally for a restoration of our old constitution and Laws, as far as is consistent with the present order of things, for a reduction of the number of office holders and a return to economy and honesty in the administration of the government and opposed to all military bills in time of peace.

Resolved, That the proceedings of this meeting, be sent to the editors of the Raleigh SENTINEL and Statesville *American*, for publication.

ISAAC N. HAYNES, Chm.
G. N. HAGENS, Sec'y.

A Healthy Digestion.

Life is rendered miserable when the digestive organs are impaired. Food becomes repulsive; the body emaciated; the mind depressed, and melancholy broods over you. TUTT'S VEGETABLE LIVER PILLS is the remedy for these evils; they produce sound digestion; create a good appetite, impart refreshing sleep and cheerfulness of mind.

Irritable Invalids.

Indigestion not only effects the physical health, but the dispositions and tempers of its victims. The dyspeptic becomes, too, in a measur demoralized by his sufferings. He is subject to fits of irritation, sullenness, or despair, as the case may be. A preternatural Sensitiveness which he cannot control leads him to misconstrue the words and acts of those around him, and his intercourse even with those nearest and dearest to him is not unfrequently marked by exhibitions of testiness foreign to his real nature.—These are the mental phenomena of the disease, for which the invalid cannot be justly held responsible, but they occasion much household discomfort. It is to the interest of the home circle, it is essential to family harmony as well as to the rescue of the principal sufferer from a state not far removed from incipient insanity, that these symptoms of mental disturbance be promptly removed. This can only be done by removing their physical cause, a derangement of the functions of the stomach and its allied viscera, the liver and the bowels. Upon these three important organs Hostetter's Stomach Bitters act simultaneously, producing a thorough and salutary change in their condition. The vegetable ingredients of which the preparation is composed are of a renovating, regulating and *alterative* character and the stimulant which lends activity to their remedial virtues is the purest and best that can be extracted from the most wholesome of all cereals, viz: so nd rye. No dyspeptic can take this genial restorative for a single week without experiencing a notable improvement in his general health. Not only will his bodily sufferings abate from day to-day, but his mind will recover rapidly from its restlessness and irritability, and this happy change will manifest itself in his demeanor to all around him.

WASHINGTON.

WASHINGTON, Feb. 3.—Ames is before the Reconstruction Committee.

The House is discussing the fenian prisoners. In the Senate, the Judiciary Committee not having official papers from Mississippi, took no action. The Committee will have a special meeting on the arrival of the documents. The Reconstruction Committee heard Ames to the effect that the admission of Mississippi would probably result in Yerger's discharge. In answering the question whether if the State were admitted she would remain loyal, replied in effect, yes, for several years at least, &c., &c. Finally, with Butler in the chair, the Committee adopted Virginia bill for Mississippi, merely changing names when necessary, and adding the clause that conscientious persons might affirm instead of swearing.

SENATE—LATER.—Abbott introduced a bill prescribing violence in certain States and providing a national police.

UNLIKE MANY OTHER ILLUMINATING Oils, is *perfectly pure*, and free from all adulterations or mixtures of any kind. It emits no offensive smell while burning, gives a soft and brilliant light, and can be used with the same assurance of safety as gas. The following extracts from certificates received from those who used it last year upon Cotton will have the effect to remove the prejudice produced by the use of manufactured fertilizers, and give confidence in this home made article.
H. Laberman, Esq., of Bertie county N. C., writes: "I have used your Phosphate Fish Guano in equal quantities side by side with Peruvian Guano and found the product much in favor of your article, the weed was larger, Cotton heavier and the plant kept green through the dry Summer."

Confident of its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit,

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, James H. Lucas, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.

The Directors rank among the first class of our merchants, bankers and citizens, as men of capital, financial ability and experience: men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."

Policies issued on all the popular plans and all Non-Forfeiting.

Policy-holders may travel by the usual modes of conveyance, either by land, river, lake or coastwise, in any portion of the United States and Territories, the settled portions of the two Canadas, Nova Scotia and New Brunswick, and in time of peace may cross the Atlantic Ocean by the usual passenger routes to, and travel and reside within, any portion of Europe.

And $5,000 ready to pay a loss of No. 34,161, so soon as the party authorized to receive the money appears.

The Company has been well tested throughout the State, as to its promptness in paying her losses, reliability, &c.

DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.

Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:

EXPENSE ON THE $100 RECEIVED.

Knickerbocker,	$16,54
Equitable,	17,44
North America,	21,16
Brooklyn,	21,09
Universal,	27,24
John Hancock,	13,27
The National,	63,48
The Ætna,	13,41

It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, except one. It insured more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

To see what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the *Insurance Times*, of New York, the following opinion was expressed:

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."

"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 589 policies, received an income of seventy-eight thousand dollars, and possessed nett assets summing up to something over two hundred and eighty-one thousand dollars; but last year, 1868, it granted 13,377 new policies, more than any other Company, except the Mutual Life; received an income exceeding six million dollars, and had amassed solid, securely and profitably invested nett assets amounting to over Ten Million Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."
